

**How to use this Work Sheet:** Write down the Window Description and follow the directions provided in our "Sun Shade Measuring Instructions". Measure your window size and record these measurements on this work sheet. Your measurements are to be taken in inches and to the nearest 1/8th of an inch. (eg. 47" 5/8 ) When you have completed your window measuring contact Solar Trends for your Sun Shade pricing.

NUMBER OF UNITS	WINDOW DESCRIPTION	Width	Height	Cost
E.g.	Living Room Window	48 5/8 X	61	\$177.00
